(Deposit is refundable up to \$250 if you must cancel registration.)

These are things you need to consider prior to receiving training. First, you need to establish an intercessory prayer team to cover this ministry. Second, you need to determine who will be the Director (this person, or another active in the ministry needs to speak Spanish if you are targeting Hispanics. Also this person needs to be willing to commit to longer hours/week than the others). Third, you need to decide on a secure location to set up your Project Light Bible Based Learning Center. And fourth, you need to commit to teach ESL to internationals or literacy, to those in need in your area, using the Bible Based materials that you receive.
